To whom it may concern,

In July 2005 our company was given the task to provide a water ski team to perform at the **Gyeongnam Goseong Dinosaur World Expo** held April 14 to June 4, 2006. This expo was initiated by the South Korean Government.

The main selection criteria for the water ski team was to provide an entertaining and exciting water ski show that could be performed two or three times per day over a 52 day period in open water conditions that were not always ideal.

The team chosen was the WA Show Ski team from Perth, Western Australia. The process which led to our decision covered,

- An internet search to identify groups capable of the task
- Phone and email discussions to short list possible candidates
- Visit to South Korea by two WA Show Ski representatives to discuss in detail potential contract and show agreement conditions
- Signed contract and booking

Our company, along with our government client found the water ski shows performed by the W.A. Show Ski team to be very professional and of the highest international standard.

We found the W.A. Show Ski team to be extremely helpful and cooperative in providing a tailor made show that blended well with our EXPO. They demonstrated both a mixture of Australian and South Korean customs and culture. The shows performed were very well received and were found to be extremely entertaining not just to our South Korean visitors but also all our international guests.

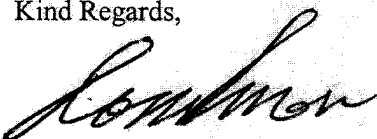

They arrived complete with two high performance ski boats, all the equipment, costumes and props necessary to conduct two or more shows per day over the entire 52 day duration of the EXPO. Team members dressed in uniforms depicting the Expo logo and their WA Show Ski involvement.

It is the views of our company and our government client that we will most definitely consider the W.A. Show Ski team for any events that may arise in the future. We found their water ski shows to be a valuable tool in attracting both local and international patronage to our EXPO.

We look forward to further joint ventures between Mileseum, the South Korean Government and the W.A. Show Ski Team

We would also like to take this opportunity to highly recommend the W.A. Show Ski Team to the entire international community

Kind Regards,

Dong Hwon Lee

Managing Director / Mileseum Co., Ltd.
